

Mustang Chamber Of Commerce

July 13, 2007

Mustang Chamber Members:

We have a new Membership Benefit. We are now able to participate in a group policy through Blue Cross/Blue Shield. In order to participate in this program we are obligated by contract agreement to provide accurate information to the administrators of our policy.

Therefore it is necessary to change a few billing practices so that we will meet their obligations and not interrupt health insurance coverage.

We will now invoice for Mustang Chamber Membership dues 60 days before the membership expires, and we are no longer able to invoice memberships semi-annually or quarterly. If your payment is not received by noon on the 1st day of the month that your membership expires, you will lose Mustang Chamber membership benefits including the Blue Cross/Blue Shield group health insurance.

Many members have discovered an incredible savings through participation in this group policy. You may discover the same. Please contact the following Mustang Chamber Members for more information:
